

Owner Surrender/ Foster Care Entry Agreement

In order to prepare your surrendered pet for adoption, it will be microchipped, vaccinated, spayed or neutered, tested for common ailments, temperament-tested, and given all necessary medical care while in our program. We do NOT euthanize, so your pet will stay with us until it is adopted, as long as it is fit for adoption. Our Adoption Fees are \$160 for dogs and \$80 for cats, this includes puppies and kittens.

We do accept tax deductible donations that will go towards covering the extra expense in preparing your animal(s) for adoption.

I, _____, the owner/caretaker of the following animal(s), hereby surrender any and all property rights to this animal(s). I certify that no other person has any property rights to this animal(s). I understand that once I relinquish these rights, only through an approved adoption can I regain those rights.

I certify that I have read and understand this statement.
